

## TREMstop Electrical Box Insert

### An intumescent firestopping pad

#### Product Description

TREMstop Electrical Box Insert is a thin intumescent pad designed to be placed inside of an electrical outlet box prior to the installation of cables. It is available in three sizes to match most electrical outlet boxes.

#### Basic Uses

TREMstop Electrical Box Insert is for use with metallic electrical outlet boxes.

#### Features and Benefits

TREMstop Electrical Box Insert is installed inside the electrical box, allowing for installation before the box is delivered to the site, once the box is attached to the stud or even after the gypsum has been installed making it the ideal choice for both new construction and renovation.

#### Applicable Standards

UL 263 (ASTM E-119)

#### Packaging

2" x 4" Insert                      40/case  
4" x 4" Insert                      20/case  
4-11/16" x 4-11/16" Insert    20/case

#### Color

Black

#### Availability

TREMstop Electrical Box Insert is immediately available from your local Tremco representative or distributor throughout the United States and Canada.

#### Application/Installation

TREMstop Electrical Box Insert is for use in firestop systems. Installation must comply with NEC 370-16 or other applicable codes.

Install on a clean, dry surface. Remove protective paper from adhesive tape. Center pad from top to bottom and stick pad to inside back wall of electrical box. Install switch or outlet.

#### Limitations

- Not recommended for use with passive fire containment systems not listed or approved by Tremco.

#### Warranty

Tremco warrants its Firestop Materials to be free of defects, but makes no warranty as to appearance or color. Since methods of application and on-site conditions are beyond our control and can affect performance, Tremco makes no other warranty, expressed or implied, including warranties of MERCHANTABILITY and FITNESS FOR A PARTICULAR PURPOSE with respect to Firestop Materials. Tremco's sole obligation shall be, at its option, to replace or to refund the purchase price of the quantity of the Firestop Materials proved to be defective and Tremco shall not be liable for any loss or damage.
